JADAVPUR UNIVERSITY
TEQIP PHASE-II
<u>URGENT</u> NOTICE FOR FACULTY DEVELOPMENT PROGRAM

Date: 18th March., 2014

In a meeting chaired by VC-Sir and attended by the Coordinator (TEQIP II) for a review of present status of TEQIP-II program, it was decided in principle that there would be no restriction on number of visits (both national and international) by a faculty member considering present status of available funds. However, priority must be given for candidates applying for the first time. Later fund status may be reviewed to decide accordingly. Faculty members who are interested to apply under this program till **October 2014, must submit** filled up training need analysis form (available at: http://teqip.jdvu.ac.in/faculties_dev.html) to the TEQIP office with a soft copy to **teqip.fsd@gmail.com positively before 26th March**. Formal application may be submitted later. However, at least two months may be needed for the processing of applications. This is necessary as we have to confirm the list of faculty members who will be trained during this period under this program. Also note that all applications (of eligible FET faculty members for TEQIP funding) submitted for funding under UGC unassigned grant in last two meetings were forwarded to TEQIP-II for funding. To avoid multiple applications for the same purpose, eligible faculty members of FET are presently encouraged to apply only under faculty development program of TEQIP-II to attend conferences etc.
