However, upon joining to this post, he found that not only his gross salary has come down from his previous post by a huge margin, but two of his</p>

		<p>collogues reporting to him are placed either one level above or in a same pay scale with huge pay difference, and naturally they would continue to enjoy higher benefits all throughout their remaining service period too, which eventually similar to the incumbent's.</p> <p>He states that the state of affairs above doesn't happen elsewhere in any government departments or bodies, such attract difficulty in promoting a conducive work ecosystem. One such representation on hierarchical debacle had been submitted before you on 17/12/2021 vide docket no 04 which has been attached allongwith.</p> <p>Considering above, the matter is submitted before you for perusal & favorable consideration with an anticipation that natural justice would prevail and the incumbent UE may be immediately re-designated to next higher position with scale by taking into cognizance of incumbent's past service of 14 years before joining this University.</p> <p>On being asked to opine on the matter by the Vice Chancellor, the Finance Officer opined that the prayer of Mr. Talukdar requires a review of JU policy change. He further noted that the benefits of past services in Three employments (Kolkata Port Trust, Kolkata Metropolitan Development Authority & Garden Reach Shipbuilders & Engineers Ltd.) may be considered for CAS benefits at JU within rules.</p> <p>Resolved that Pro.
